

Extended Home Learning for Reception

Dear Parents & Carers,

We appreciate this is a challenging time for you and the children and, as a school, we want to make sure we are as prepared as possible during this period. As teachers, we have met together to decide on how best to support the children in their learning while they are out of school. Fortunately, the children already have accounts for several online learning formats – we have provided up-to-date log-in on the hard copy sent home to the children. A list of useful website can be found below.

In addition, we have set up a personal Google Classroom account for each child. Through this log-in, they will be able to access a variety learning challenges, set by the teachers. Work will be updated fortnightly, on a Friday.

We understand that not every child will have access to online learning at home. As a result, we have included ideas on how children can continue their learning, independently, at home. Each Class Teacher has created a bespoke plan for their class, which links to current curriculum learning.

Finally, we would also encourage children to continue reading widely and frequently as this links into so many other areas of the curriculum.

Topmarks https://www.topmarks.co.uk/ Play games across the curriculum - browse for Early Years.	www.oxfordowl.co.uk Read and enjoy the free e-books.
Phonics Play https://www.phonicsplay.co.uk/ Practice your phonics by playing the free games within each phase.	https://www.ictgames.com Play English and Maths games
Google Classroom classroom.google.com Classroom code:	Google classroom will be used to share learning with the children directly from Mr Wilson and school. It is important to note, that for your child to log in to their Google Classroom, they will need to use the Chrome browser on your device/computer and log in using the details provided by staff. From here, they will be able to access the Google classroom using the link below.
